

VACANCY

Field Service Engineer – Halifax (Full Time)

Recruiting now for an experienced **Field Service Engineer** on a permanent basis covering the Yorkshire Region. PPS offer Sales/Service of a varied range of Compressed Air Equipment, Ancillaries, Vacuum, Pneumatics and Nitrogen products.

Some key tasks as a Field Service Engineer would include:

- Provide on-site maintenance, repair, installation and commissioning of Compressed Air Equipment and ancillaries.
- Provide hands on on-site (and at base) trouble shooting, service and repair.
- Communicate with functional work departments of Engineers, Pipefitters, Service, Stores and Sales
- Perform other duties as needed to assist the service team
- Loading and delivering materials
- Good Housekeeping on site, at base and in vehicle.
- Compliance with responsibilities as laid down in the Company's Health, Safety and Environment Policy and as explained in Site Health and Safety rules/procedures
- Contribute to improving the business, protecting and enhancing the reputation of the company, by putting forward new ideas and, when requested to do so, implementing change
- Liaising with Halifax and Sheffield teams as required
- Ability to be flexible and be included on a call out rota.
- Ability to follow a scheduled work diary and demonstrate time management efficiently

Skills required:

- Knowledge and understanding of Compressed Air Units and applications
- Proven experience in a Service and Maintenance role
- Safe Contractor/CSCS card holder current (or recently expired)
- Excellent customer service
- Understanding of CAD drawings
- Good IT skills
- Team working skills
- Good organisation skills
- Good communication skills
- Ability to work effectively individually or part of a busy team and work under pressure
- Polite and professional telephone manner
- Good command of the English language (Written and spoken)
- Good mathematical skills
- Full clean driving licence

Further to the required skills, knowledge in the following would be desirable;

- Refrigeration
- Control systems
- Nitrogen generation
- Vacuum systems

Working hours: 8.30am - 5pm Monday to Friday, Extra hours are available/required.

Salary and benefits information will be available upon interview

Job Type: Full-time

Closing date for applications: Friday 30TH June 2017 Please submit CVs to jobs@pps.co.com
